1. The following is an examiner's statement of reasons for allowance: the art does not teach nor suggest a heat sink assembly with a heat sink having bores therein, a frame having a pair of screw holes therein, a fastener placed on a heat sink with a pair of position holes, pins received through the bores of the base, springs members surrounding the pins and posts received through the positioning holes and the screw holes as claimed in claim 1. The art does not teach nor suggest a retention frame mounted on a board and surrounding a package, sink engaged on the package, fastener located around the sink pressing the sink via resilient means and posts attaching the fastener to the frame so that the sink is resiliently engaged on the package as claimed in claim 6. The art does not teach nor suggest a frame mounted on a board surrounding a package, a sink seated on the package, a fastener located above the sink and downwardly pressing the sink via resiliency means and an attachment device including two opposite ends respectively engaged with the fastener and the frame when the resiliency is in tensioned status as claimed in claim 12.

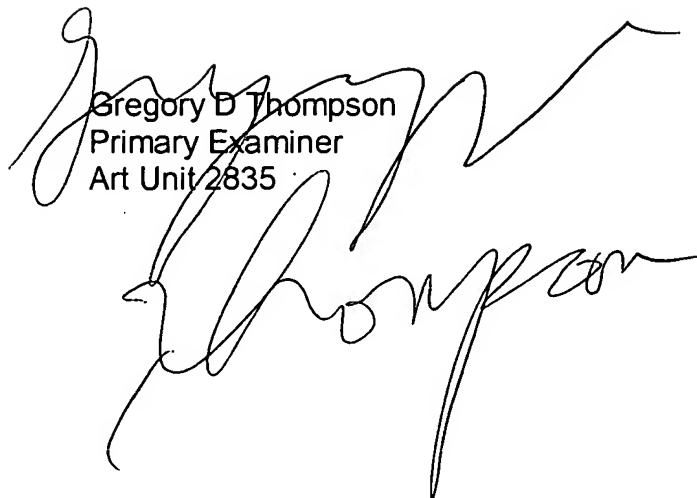

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

2. Any inquiry concerning this communication should be directed to Gregory D. Thompson at telephone number (571) 272 -2045.
